

Like most of us, I have been fortunate in my tenure in Congress to have extraordinary professional and personal staff accompany me on this journey. However, Julia stands out as a trusted confidant, advisor, and most assuredly, friend. Exceedingly loyal, trustworthy, and organized, she has made my life simpler in an often complicated and demanding place. Her cheery demeanor, her thoughtful execution, her reliability and calmness under pressure—these are just some of the attributes that have made Julia a truly irreplaceable part of the Rogers team. Time and again, she has gone above the call of duty to help me, and by extension, the people of Kentucky's Fifth Congressional District in delivering a better, more responsive and open constituent experience. Julia has made an indelible mark on, not only the U.S. House of Representatives, but also on me, both personally and professionally, and I will be forever grateful to her and to her family.

As we all know, congressional staff work long hours, and often sacrifice weekends and holidays in order to keep this esteemed institution running. This inevitably takes a toll on personal commitments. She has earned more than her share of quality time with her husband Greg and cherished son Gregory in her home state of Idaho, where she and Greg will retire soon.

Congress, the House, the Appropriations Committee, Kentucky, my wife Cynthia, and I will surely miss Julia's contributions and leadership; but we thank her for her steadfast service and dedication. We wish Julia many wonderful years of retirement with her family and friends.

IN HONOR OF MARGARET
HAGERTY

HON. RICHARD HUDSON

OF NORTH CAROLINA

IN THE HOUSE OF REPRESENTATIVES

Monday, December 1, 2014

Mr. HUDSON. Mr. Speaker, I rise today to recognize Margaret Hagerty, a constituent from my hometown of Concord who at 91 years old is the oldest person to finish this year's New York City marathon.

Now, in North Carolina, we know the value of putting in the time and effort to reach our goals. We aren't strangers to hard work, but Margaret outpaces us all. From 5Ks on Union Street in Concord to marathons at the Great Wall of China, Margaret has participated in countless races and has the trophies and medals to prove it. She also holds the world record for oldest person to finish a marathon on every continent.

Margaret wasn't always a runner and didn't take up the sport until her early 60s. One day, she woke up, started running and didn't want to stop.

It's extremely inspiring to see someone work so hard to achieve amazing things. I admire Margaret for her dedication and her tenacity—her outlook on life is something we can all aspire to. I wish her all the best in her future races. For everyone back home in the 8th District, she'll always finish first in our book.

Mr. HONDA. Mr. Speaker, I rise today to honor Santa Clara City Councilmember Patricia Mahan for her decades of dedicated and faithful public service to her community.

Councilmember Patricia Mahan has long devoted herself to serving others. Among the significant driving forces behind her commitment has been her family. She witnessed firsthand the fulfilling impact of public service through her late father's work as an esteemed councilmember. In addition, her desire to protect her grandmother's home from a street widening plan led her to become a Historical & Landmarks Commissioner in 1993. She has also dedicated herself to helping the public as both an educator and a lawyer. With a teaching accreditation from San Jose State University, Patricia has taught subjects such as English and drama to secondary school students. She also earned her Juris Doctorate from Santa Clara University School of Law, and has been practicing as an attorney for over 30 years.

Patricia Mahan has worked tirelessly for many civic organizations. From 1983 to 1992, she served on the Board of Trustees at the West Valley-Mission Community College. She was a Legal Hearing Officer for the Santa Clara County Assessment Appeals Board from 1992 to 1994. Councilmember Patricia Mahan was first elected to the Santa Clara City Council in 1994 and re-elected in 1998. She was elected

Mayor of Santa Clara in 2002 and re-elected for a second term as Mayor in 2006. Throughout her two terms as Mayor, she demonstrated efficiency and innovation in governing her community. As Mayor, she supported the construction of the San Francisco 49ers Levi's Stadium in Santa Clara. By encouraging this project, she dedicated herself to enriching her city both culturally and entrepreneurially. Thanks to her many years of faithful and selfless work for Santa Clara, the community has become a much more vibrant and better place to live. Although her term is coming to a close, her vision and legacy will no doubt live on.

HISTORICAL RECORD OF OPINION
EDITORIAL ON DIPLOMACY IN FIJI

HON. ENI F.H. FALEOMAVAEGA

OF AMERICAN SAMOA

IN THE HOUSE OF REPRESENTATIVES

Monday, December 1, 2014

Mr. FALEOMAVAEGA. Mr. Speaker, I rise today to include, for historical purposes, an opinion editorial on diplomacy in Fiji.

[From The Hill, Jan. 25, 2012]

LANDLUBBER DIPLOMACY WON'T WORK IN FIJI

(By Rep. Eni F.H. Faleomavaega (D-American Samoa))

Having no policy of its own, the U.S. marched in time, applying section 508 sanction law which severed U.S. aid to Fiji. U.S. sanctions, however, have had no consequence because U.S. aid to Fiji was less than \$3 million per year.

Of consequence is Pakistan. In 1999, when General Pervez Musharraf overthrew the democratically-elected government of then Prime Minister Nawaz Sharif, the U.S. waived 508 sanction law, despite the fact that for nearly ten years General Musharraf never made good on his promise to resign his military commission and hold free, fair and transparent elections in Pakistan.

The U.S., like Australia and New Zealand, cooperated with Pakistan's regime—even providing billions in aid—because we understood then like we should understand now that engagement is vital to our interests and necessary if our long-term objectives are peace, stability and democracy.

Do Australia, New Zealand and the U.S. consider Fiji vital to our interests? If not, I believe we should give China and Iran's growing presence in the region. If so, we need a new way forward.

The U.S. can no longer rely on landlubber diplomacy which seeks to force democracy by isolation. Every tautai (navigator) knows—democracy can't be forced. Force is contrary to the order of democracy and contrary to our innate desire to choose.

To succeed in Fiji, we must start from the beginning. The legacy of Fiji's colonial past has never been fully resolved since Fiji gained its independence in 1970. To date, Indians control many of the small businesses. Australia and New Zealand control major banking and commercial enterprises, and indigenous Fijians control much of the communal land and military establishment, with
